We have entered into the U9, U10 and  
U11 cricket leagues.**

# Active Travel

During February, children from all year groups had the opportunity to take part in Active Travel month. Keeping active has so many benefits: improving physical fitness, supporting mental health and improving concentration.

An island-run initiative, pupils recorded their number of active minutes each day such as walking, running, scooting or skateboarding. It was wonderful to see so many children and families getting involved and being passionate about movement. Shift-it awarded raffle tickets for each entry across all island schools that took part. We are so proud that a Nine Acres pupil received the winning ticket and first prize - well done to Minari from Durham who has won!

Every child who took part will receive a reusable water bottle that was kindly delivered in a sustainable way. Thank you so much to

**People Powered** for delivering the bottles using their electronic bikes - positively influencing the world through reducing our carbon footprint.
