Reading Nine Acres	+3.0
National Floor Standard	-5.0
Maths Nine Acres	+0.9
National Floor Standard	-5.0
Writing Nine Acres	+2.8
National Floor Standard	-7.0

Further information on the progress score:

The average progress scores are presented as positive and negative numbers either side of zero.

- A score of 0 means pupils in this school on average do about as well at KS2 as those with similar prior attainment nationally.
- A positive score means pupils in this school on average do better at KS2 as those with similar prior attainment nationally.
- A negative score means pupils in this school on average do worse at KS2 as those with similar prior attainment nationally.

Please note, a negative score does not mean that pupils did not make any progress, rather it means they made less progress than other pupils nationally with similar starting points.

In 2017, a school will be above the floor if:

- ✓ at least 65% of pupils meet the expected standard in English reading, English writing and mathematics; or
- ✓ the school achieves sufficient progress scores in all three subjects. At least -5 in English reading, -5 in mathematics and -7 in English writing.

To be above the floor, the school needs to meet either the attainment or all of the progress element.
