Year 5 - Alex Ryder OAA

(Outdoor Adventurous Activities)

On Monday and Tuesday of this week, Year 5 travelled to Wales for their Alex Ryder residential. In the heart of the Wye Valley, they took part in outdoor activities that tested their teamwork capabilities, communication skills and ability to problem-solve.

On their 5-mile walk, with 240m elevation, children orienteered themselves away from the base and back again, making note of natural markers such as the Wye River and man-made indicators such as roads and bridges.

Pupils also engaged with teamwork activities that required them to work together to achieve a set goal such as the plank walk.

The staff at YHA reported how impressed they were by the children's communication and problem solving when tackling these challenges, particularly how at ease they were with giving feedback to one another and adapting their plans.

Well done Year 5!
