

Nine Acres Primary School

'Striving for Excellence'

Statement of Action 2018-19

The **pupil premium** is additional funding given to publicly funded schools in England to raise the attainment of disadvantaged **pupils** and close the gap between them and their peers.

Nine Acres Primary School is a two form entry school on the Isle of Wight. We have high aspirations and ambitions for our children and we believe that no child should be left behind. We strongly believe that it is not about where you come from but your passion and thirst for knowledge, and your dedication and commitment to learning that make the difference between success and failure, and we are determined to ensure that our children are given every chance to realise their full potential. We passionately believe that any one of us is capable of anything we set our mind to!

Key facts

- Our school motto '**Striving for excellence**' reflects our high expectations of the whole school community.
- We are engaged in and committed to partnerships, working with a wide range of organisations which strongly enhances our provision and supports our local community.

Challenges our pupils face:

- Significant gaps in learning due to the legacy of underachievement.
- Speech and Language development and delay on entry
- Physical/ Emotional wellbeing
- Parental wellbeing
- Attendance
- Low aspirations
- Poverty
- Limited opportunities to access life enriching experiences

Recent Initiatives / Improvements:

- The School is determined to create a positive culture in which everyone can reach their full potential
- Leadership intervention and a designated Teaching and Learning Coach established across phases to continue to improve quality of teaching, ensure greater consistency in practice and increase the percentage of outstanding teaching across the school
- Earlier intervention in place in years 1/2 and EYFS
- Broader use of research to inform decision making and policy – Sutton Trust Toolkit
- Writing, with a focus on boys writing through the use of engaging core texts
- Embedding the teaching of spelling through daily targeted teaching and use of No Nonsense Spelling to increase writing outcomes
- Development of pupil conferencing to identify barriers to learning for individual pupils
- Focus on the teaching of reading across the school and developing a culture of reading for pleasure
- Daily vocabulary teaching to extend children's communication and language skills
- Develop the use of 'Explosion club' and targeted activity sessions at recreational times to reduce social isolation and develop social skills
- Focus on developing boys phonics within EYFS, KS1 and Year 3
- Involvement with 'Teach First' teacher training programme
- Working towards SPor

When making decisions about using pupil premium funding it is important to consider the context of the school and the subsequent challenges faced. Common barriers for children in receipt of free school meals can be weak language and

communication skills, lack of confidence, more frequent behaviour difficulties, and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no “one size fits all”.

Our key objective in using the Pupil Premium Grant is to diminish the difference between pupil groups but also to ensure that all children are high attaining.

As a school we are developing our provision to ensure that pupils make secure progress, but historically levels of attainment have been lower for FSM (eligible for free school meals) – this is also a national trend. Through targeted interventions we are working to eliminate barriers to learning and progress. For children who start school with low attainment on entry, our aim is to ensure that they make accelerated progress in order to reach age related expectations and as they move through the school.

We have analysed our data thoroughly and have made use of a range of research, such as, good practice in using pupil premium funding, the Sutton trust research on within school variance and the Sutton Trust toolkit, to inform our decision making.

Key Principles

Culture

We will provide a culture where:

- staff believe in ALL children
- there are “no excuses” made for underperformance
- staff adopt a “solution-focused” approach to overcoming barriers
- staff support children to develop “growth” mindsets towards learning

Analysing Data

We will ensure that:

- All staff are involved in the analysis of data and attend regular pupil progress meetings so that they are fully aware of strengths and weaknesses across the school
- We use research (Such as the Sutton Trust Toolkit) to support us in determining the strategies that will be most effective

Identification of Pupils

We will ensure that:

- ALL teaching staff and support staff including our Family Worker, are involved in analysis of data and identification of pupils
- ALL staff are aware of who pupil premium and vulnerable children are
- ALL pupil premium children benefit from the funding, not just those who are underperforming
- Underachievement at all levels is targeted (not just lower attaining pupils)
- ALL disadvantaged pupils take part in pupil conferencing to help identifying personal barriers to learning
- Children’s individual needs are considered carefully so that we provide support for those children who could be doing “even better if.....”

Improving Day to Day Teaching

We will continue to ensure that **all** children across the school receive good teaching, with increasing percentages of outstanding teaching achieved by:

- Setting high expectations
- Addressing any within-school variance
- Ensuring consistent implementation of the non-negotiables, e.g. marking and learning objectives/success criteria
- Share good practice within the school and draw on external expertise
- Provide high quality CPD including a dedicated in school Teaching and Learning Coach
- Improve assessment through in-school and external moderation

Increasing learning time

We will maximise the time children have to “catch up” through:

- Improving attendance and punctuality
- Providing earlier intervention (KS1 and EYFS) such as: Phonics and speech and language
- Extended learning out of school hours

Individualising support

We will ensure that the additional support we provide is effective by:

- Looking at the individual needs of each child and identifying their barriers to learning
- Ensuring additional support staff and class teachers communicate regularly
- Matching the skills of the support staff to the interventions they provide
- Working with other agencies to bring in additional expertise
- Providing extensive support for parents
- Tailoring interventions to the needs of the child (e.g. Targeted maths revision sessions in the afternoons for children who struggle in the main lesson)
- Recognising and building on children’s strengths to further boost confidence
- Providing Emotional Literacy Support

Funding Priorities – 2017-18

This year our aim is to further increase the percentage of good to outstanding teaching across the school whilst continuing to further develop highly skilled leadership at all levels.

The initiatives implemented within the last academic year to address quality of teaching have shown impact and will continue to be developed to ensure consistency and improve outcomes further across the school. The work of the Teaching and Learning Coach (2 days a week) and reviewed roles and responsibilities of the leadership team will continue to focus on embedding this practise.

We want to continue to raise standards of Reading, Writing and Mathematics across school. We aim to cater for the whole child whilst continuing to increase our attainment and progress measures.

We are determined to ensure that the percentage of children working at and above age related expectations continues to rapidly increase. We will continue to focus on developing our Assessment for Learning practices so we can to intervene and support at the point of learning.

The school's evaluation of its own performance is rigorous. Tracking of progress over time for each pupil is thorough, and so we can quickly identify any dips and develop sensible strategies and interventions to promote improvement.

- ✓ A wide range of data is used – achievement data, pupils' work, observations, learning walks, case studies, and staff, parent and pupil voice
- ✓ Assessment Data is collected 6 weekly so that the impact of interventions can be monitored regularly
- ✓ Assessments are closely moderated to ensure they are accurate
- ✓ Teaching staff and support staff attend and contribute to pupil progress meetings each term and the identification of children is reviewed during PMs
- ✓ Regular feedback about performance is given to children and parents
- ✓ Interventions are adapted or changed if they are not working
- ✓ Case studies are used to evaluate the impact of pastoral interventions, such as of attendance and therapy
- ✓ A designated member of the SLT maintains an overview of pupil premium spending.
- ✓ A governor is given responsibility for pupil premium

We will use ASP, KS2, KS1, EYFS, Phonics, as well as whole school data to evaluate impact in terms of attainment and progress.
